Recruitment Team
Orsted Education
Surabaya, East Java, Indonesia

Dear Recruitment Team,
My name is Naura Hanifah Nabiha, a fifth-semester Physics student at Institut Teknologi Sepuluh Nopember (ITS). I am writing to express my interest in applying for the **Tentor Pembimbing TKA SD** position at Orsted Education.

As a university student with a strong academic background in Mathematics and Science, I have developed analytical thinking and problem-solving skills that are essential for teaching. In addition, I have experience as a mentor and teaching assistant, which has strengthened my ability to explain concepts clearly, communicate effectively, and guide students in a supportive learning environment.

I am particularly interested in this position because I enjoy working with children and helping them build a strong foundation in their studies. I believe that learning should be engaging, interactive, and tailored to each student's needs. Therefore, I always strive to create a positive learning atmosphere that encourages students to learn confidently and actively participate in class.

I am a responsible, patient, and enthusiastic individual who is eager to contribute to Orsted Education's educational mission. I believe that my academic background, teaching experience, and passion for education would enable me to make a positive contribution as a **Tentor Pembimbing TKA SD**.

Thank you for your time and consideration. I would welcome the opportunity to further discuss my qualifications. I look forward to hearing from you.

Sincerely yours,
